

Meridian Brandy V.S.O.P.

Thailand

Meridian is a V.S.O.P brandy made by one of Thailand's finest producers, the United Winery & Distillery. Made from pineapples, it is distilled in a copper pot still imported from Cognac in France and then left to age in limousine oak for 4 years. It is then blended by Thailand's leading master blender.

This high-quality brandy has been recognised internationally by winning a silver award from IWSC International Wine & Spirits Competition in 2017.

Tasting Note

Full and sweet nose with light notes of clove and black pepper, baked plum and cherry. Rounded and soft, approachable style. Tasty with a combination of caramel sweetness, honeyed notes and that peppery darker spice seasoning. Good length, energetic.
